IN NEW ORLEANS

Integration Fight Is Seen Monday

NEW ORLEANS (UPI) — State and federal authorities today prepared to turn this "city that care forgot" into a battleground in the conflict of southern segregationism with federally enforced racial mixing.

On Monday, five six-year-old Negro girls are due to walk into classrooms never before entered by Negro students. Their entrance is endorsed by city officials under pressure from a federal court order.

BUT GOV. JIMMIE Davis, pledged to protect racial separation at all costs, has mustered almost all state resources at his command including the Legislature—to keep the city's white schools exclusively white.

The fast-moving chain of events here Friday seemed to point to a physical showdown between state police and federal authorities on the grounds of the yet-undesignated elementary schools.

—CITY POLICE went on a 12-hour on, 12-hour off schedule, and their leaves and days off were canceled.

REVOLT IN SOUTH VIET NAM ENDED

SAIGON (UPI) — Americans trained Vietnamese army units drove rebel paratroopers out of Saigon today and ended an attempted coup d'etat that threatened to throw South Viet Nam President Ngo Dinh Diem out of office.

The two-day uprising appeared to have been completely crushed.

DIEM ANNOUNCED later the two American-trained colonels who led the revolt had been arrested but that other members of the paratroop units were being pardoned.

Pro-Diem forces also fired on a mob of several thousand persons demanding the president's resignation, killing at least five demonstrators. The deaths increased the total toll of the uprising to at least 17.

LOYAL TROOPS, supported by tanks, poured in from the provinces in response to an appeal radioed by Diem. Marines who supported the rebels during the

early hours of the uprising quickly reaffirmed their loyalty to the president.

Loyal troops took up positions around the "White House." Sixteen tanks which arrived from the provinces during the night also were deployed to protect the president's residence.

IT WAS THE machine guns of these tanks that were the first to fire when a mob carrying signs reading "Down with President Diem and his family" rushed the official residence about 8:30 a. m.

The tanks fired over the heads of the demonstrators, but troops surrounding the official residence fired into the crowd as it broke and fled, killing at least five persons and wounding many others.

Representatives of the company and of Local 1008 of the International Brotherhood of Electrical Workers reached an agreement on the contract late last night.

Terms of the contract were not announced immediately.

Operators and telephone workers struck the company in Palm Springs and other Southern California cities on Nov. 1.

Issues of the strike were based on fringe benefits, including work hours, insurance, and vacation time.

The company serves a total of 160,000 residents throughout Southern California.

Truman Says Doesn't Care About Farmers

CHICAGO (UPI) — Former President Harry S. Truman said today he doesn't care what happens to the farmers because "they all voted the Republican ticket."

At a news conference, Truman also:

- Said that with the election of Democrat John F. Kennedy as president "the next eight years can't be anything but better."

Five Injured In Desert Accidents

Four Victims Said in Serious Condition Today

Five persons were injured — four of them seriously — in a rash of automobile accidents that plagued the Desert area yesterday. In addition one man is being sought for hit and run charges today.

In serious but improving condition at San Geronimo Pass Memorial Hospital today were grocery executive Milton Ross Sage, 51, and his wife, Marjorie Faye Sage, 51, whose residence was listed as San Bernardino.

IN CASITA HOSPITAL with severe injuries were Jimmy Irwin, 25, and his wife Thelma Irwin, 29, both of Eagle Mountain.

Treated at Desert Hospital and released was Leon Walker, no address given.

The three accidents that sent the five persons to the hospitals were located in three remotely separated Desert area locations.

THE SAGE'S automobile, which had just turned from Highway 99, onto Highway 111 at about 5:30 p. m., collided with a stalled truck about a mile south of the White-water intersection. The truck is owned by James F. Starr, 29, of Glendale, Ariz.

Hospital officials said that Sage's condition was only fair but that Mrs. Sage's condition could be called "good." Both suffered cuts and bruises on their bodies and Sage was feared to have suffered internal injuries.

THE IRWIN couple were hospitalized after the "dunes buggy" — a converted 1929 auto — flipped over at 2:02 a. m. on the Blythe Highway. An employee of Kaiser Mine at Eagle Mountain, Irwin and his wife were both hospitalized as a result of their injuries.

Leon Walker received minor injuries and was treated and released by Desert Hospital nurses after an accident at 2675 North Indian Avenue.

A VEHICLE reportedly driven by M. B. Scott, of Garnet, in which Walker was a passenger, collided with a Desert Stage Line bus driven by Cleo Russell, of Desert Hot Springs, at about 5:25 p. m., yesterday evening.

PALM SPRINGS POLICE Lt. Bob Ralph bends over Scott, of Garnet, struck a Desert Stage Line bus blanket-covered Leon Walker following an accident at 2675 North Indian Avenue yesterday evening. Walker was injured when a car in which he was a passenger, reportedly driven by M. B. Scott, of Garnet, struck a Desert Stage Line bus driven by Cleo Russell. Scott, who is said to have fled the scene, is sought today on hit-and-run charges and Walker, taken to Desert Hospital, was treated and released. (Desert Sun Photo)

Nicaragua Acts To Stop Rebels

MANAGUA, Nicaragua (UPI) — The government proclaimed martial law today after insurgent forces captured the towns of Jinotepe and Diriamba less than 25 miles south of the capital.

FRENCH GENERAL VISITS ALGERIA

ALGIERS (UPI) — Gen. Paul Ely, France's chief of defense staff, arrived here today in the apparent hope of determining the army's attitude toward President Charles de Gaulle's controversial Algeria policies.

French civilian resentment of De Gaulle's "Algerian Algeria" plan erupted Friday into daylong rioting in which about 100 persons were injured and the U. S. government information center was wrecked.

ELY PLUNGED at once into conferences with Delegate General Paul Delouvrier, the No. 1 French official in Algeria. He was scheduled to confer later with France's top generals in this North African territory.

Informed sources said Ely, technically on an inspection tour, would use his visit to "feel the pulse" of army leaders regarding De Gaulle's Nov. 4 speech in which he indicated Algeria would become a near-independent state.

Woman Injured By Accidental Shotgun Blast

A 39-year-old Long Beach woman, hunting in the Mecca area with her husband, was accidentally shot in the right side, it was reported here today by the Riverside County Sheriff's office.

Lena Cassi Massey, 39, of Long Beach, while returning to her car with her husband after hunting pheasants, was injured by a shotgun blast which put "several" pellets into her right side.

Her husband, Eldridge Massey, 46, took her to Casita Hospital for treatment where doctors said that the wounds were very minor.

Newsman Found Murdered Today

HOLLYWOOD (UPI) — Veteran newspaperman Roby Heard, 38, today was found murdered in his apartment.

Police said he was beaten with a blunt instrument and his body covered with a blanket ripped from his bed. Officers said robbery apparently was the motive as the newsman's wallet was missing. He had been paid Friday, shortly before he was beaten to death.

VIRUS 'SAVED' HIM

Boy Homeless As Family Killed

ELBURN, Ill. (UPI) — Relatives gathered today to build a new future for an 11-month-old boy whose parents, brother, three sisters and grandmother were killed in an auto crash on their way home from visiting the boy in a hospital.

The survivor was Tommy Childer, hospitalized at Aurora, Ill. with a virus infection. The seven dead included his father, Richard W. Childer, 29, Childer's pregnant wife, elder son, three daughters and mother-in-law.

THE CRASH Friday night on Illinois 47 about three miles south of Elburn involved two sedans and a heavy semi-trailer truck. Police investigators said weather and highway conditions were good and tentatively blamed the wreck on human failure.

Budget Virtually Unlimited

LONDON (UPI) — Russia was reported today to have given top priority to work on an anti-missile missile that could tip the balance in the nuclear stalemate between West and East.

Informed sources said the latest information reaching here from behind the iron curtain indicates Soviet scientists are working at top speed on the intricate problem of countering the missile threat.

A GROUP OF leading scientists was said to be working on the problem, with a virtually unlimited budget.

The U. S. will soon have spent \$1 billion on the Nike-Zeus, an anti-missile missile which has been test-fired many times but has not yet been put into production.

The present plans are to delay production until after the missile is tested against actual intermediate ballistic missile targets. These tests will take place in the Pacific in 1962.

THE ZEUS is a solid-fuel, multi-stage rocket developed by the Army. For a brief period of time, its first stage develops 400,000 pounds of thrust, more than either the Atlas or Titan ICBM's.

The London reports said the Kremlin had given the anti-missile missile problem priority, apparently hoping that Russia might be first to produce a successful one.

Brown May Seek End of Gas Chamber

New Sun Series
Will Tell Details
Of Governor's Plan

(EDITOR'S NOTE: This is the first of three articles dealing with the issue of capital punishment in the State of California. The next article in the series will appear on Monday.)

By DE VAN L. SHUMWAY
SACRAMENTO (UP) — Gov. Edmund G. Brown, a devout Roman Catholic and an outspoken opponent of the death penalty, stands as a "court of last appeal" between 17 men and one woman and death.

The 15, sentenced to die in the state's lethal gas chamber, have one final chance when all else fails — an appeal for clemency from the governor.

BROWN HAS SAID that this appeal is "not jacketed by the forms or technicalities of the law, but aimed at conscience and last truth."

But he also has said: "I don't know whether a governor can play God in these cases."

A few days after he made that statement he let Caryl Chessman die because "I feel I have taken an oath of office and I have sworn to uphold the laws even though I don't like them."

THE DEATH OF CHESSMAN, convicted in 1948 as the red-light bandit of Los Angeles, set off world wide reaction. He had been sentenced to die on charges of kidnapping, robbery and forced sex perversion. Brown reprieved him once to let the legislature consider abolishing the death penalty but refused to commute the May 2 death sentence, after the legislature had turned him down.

While Brown has been governor, 14 men have died in the gas chamber at San Quentin. Eight men have been given executive clemency — the right to life behind bars — since Brown took office in January, 1959.

BROWN SAID FIVE of these were insane and that he is "amazed and profoundly disturbed at the constancy with which the picture of gross mental abnormality has emerged."

To look into such cases, Brown appointed a special committee on legal insanity, which is now making a study into the criminal mind and what constitutes a mind incapable of being adjudged guilty of murder.

In office only a little more than two years, Brown has equalled the commutation total of Earl Warren, now Chief Justice of the United States, who was governor from 1943 to 1953. He is two up on Goodwin J. Knight, governor from 1953 to 1959.

KENNEDY GAINS 'SICK' ECONOMY

By HENRY J. RECHTOLD
NEW YORK — (UP) — To the victor belongs the spoils. But in this case a sagging economy is among the spoils and our new president's first big task will be to give it a shot in the arm.

The present administration has been trying for the past six months to bring the economy back to life—through easier money conditions and, more recently, increased spending—but business has not responded.

THE TWO CANDIDATES continually argued about whether or not the nation was in a recession, and apparently, Senator Kennedy was more convincing with his recession talks.

Now the business world will anxiously wait to see what measures he will take to back up his campaign promises.

There is no doubt he will take some anti-recession steps, but they will not help the economy over the near-term. Anti-recession moves take from three to nine months to become effective, and by that time, Tom Campbell, editor-in-chief of Iron Age magazine, says business will have started moving upward on its own.

DR. MARCUS NADLER, economist of the Hanover Bank, believes that the Democrats, not being able to claim a popular mandate, will be forced to go slow in taking any drastic measures.

One thing is sure, there will be an increase in spending. Kennedy has been emphatic on that point. This also would have been the case if Vice President Nixon had won.

A. W. Zelomek of the International Statistical Bureau says there is no doubt that the new Congress also will pay greater attention to the Full Employment Act of 1946. This is a mandate to Congress to do something about unemployment when it reaches about six or seven per cent. It presently is above five per cent.

MEANWHILE, THE ECONOMY continues to drag along. Production is now about 4 per cent below last January; steel mills still are operating only slightly above 50 per cent of capacity; housing starts are running well below last year; business investment in plant and equipment has leveled off; and corporate profits are down.

Campbell said the steel consuming industries—railroads, machinery makers, appliance manufacturers, and others—now are really beginning to feel the effects of this business decline.

He calls it a "mild correction" in which the durable goods industries will be hit hardest, and looks for it to be reversed by about mid-1961.

HE SEES THE STEEL industry making its upward move around March when new orders start to roll in, and expects a steady up-trend into 1962.

Retail trade, the mainstay of the economy this year, is expected to continue higher in 1961. The apparent good reception of the 1961 model automobiles indicates a better year for that industry.

OTHER FAVORABLE signs are that housing starts are expected to increase shortly; farm income will be appreciably better; personal income continues to rise; exports are rising more rapidly than imports; and the Federal Reserve is following a policy of relatively easy money.

The consensus among economists is for a revival in business sometime next year, but there is a handful of these experts who see the slowdown continuing until 1962.

A Personal Letter

WASHINGTON, D. C. — Dear Jack: This is the last time I will ever so address you. We both came to Washington with the 80th Congress — you as a freshman Congressman, and I as a postwar retreat who was making my first roll in the national capital. As we got to know each other after you reached the Senate, there was never a time I wished you anything but good luck — except last Tuesday.

Mr. President — elect, every good American ought to wish you the best of luck from now on. It has never been clear to me why anybody not in need of employment and income should want to be President.

THIS UNCERTAINTY in my mind exists despite the fact that some of you Presidential candidates have told me frankly that your year for the White House is mainly the desire to be at the head of your profession. A man in politics wants to be the champ. That is understandable in normal circumstances. But — today?

If I understand you at all, from observation and from quotation, this year to get to the top is in you, just as it was in the men you defeated — Richard Nixon, Hubert Humphrey, Lyndon Johnson, Stuart Symington. But with you, it is something more than it was with them.

WITH YOU, MR. President-elect, there is a sense of history which requires you to be not merely a President but a great President. And this sense of history tells you, unless I'm very wrong, of the unprecedented, almost incredible obstacles which lie in your path of fame.

You must succeed over enormous odds. You must begin by winning a confidence at home which your mere election did not give. The Democrats whom you overcame on the way to the Los Angeles Convention were ambushed by your audacity. Not one believed, as I think you know, that by winning a flock of uncontested primaries you would take the nomination.

HAD JOHNSON or Symington met you in West Virginia, it's doubtful if you could have won. Had Lausche met you in Indiana (as he almost decided to do), you might have been stopped by a fellow-Catholic. As for the national election, your own backers have been saying that you were lucky to have Richard Nixon to beat instead of Nelson Rockefeller. Some of us would rather have seen Barry Goldwater run against you — win or lose.

In any event, the November election proved your shrewdness and political savvy more than it did your wisdom and profundity. By picking Johnson against much left-wing advice, you showed how well you understand American politics. Johnson did what you expected of him — he prevented the Conservatives of your party from leaving you. LBJ was a solid dike against the floods of protest which threatened to sweep in against you.

ALSO, BY TURNING your alleged handicap of Catholicism into an asset, and by seizing the television-radio debates as an opportunity — not so much to win an argument as to make yourself known to the American electorate — you outsmarted Nixon. And by staying to the left of

Nixon on every issue, you got what a Leftist is almost sure to get in a national election — you got the unthinking support of the majority.

Well, this is fine and dandy. But what comes next? At home, you face the united opposition of Conservatives, both Democrats and Republicans. You will no longer find much fraternity in fellow — Democrats named Thurmond, McClelland, Eastland and even Sparkman.

MORE THAN THAT, the removal of the Eisenhower-Nixon Administration means that many Republicans in the House and Senate will no longer feel an obligation to be "me-too" or "modern" in their Republicanism. You will not get the bipartisan support that went with Mr. Eisenhower all these past eight years.

But far more important, you are entering the command position at a time when the Western Alliance is more neutralistic than was imaginable a few years ago.

WEST GERMANY and Great Britain want butter, not guns. Japan and India both must trade with Red China, which is something we cannot abide. We are at a point in our relations with Russia and Cuba and China when we may have to fight a small or big war in order to maintain our honor and integrity.

You were not drafted for this office, Mr. President-elect. You sought it and chased it and got it. Well, all of us should say — good luck and God bless you. All of us stand together — or die separately.

Election Frauds Increasing

WASHINGTON, D. C. — On the record of past elections, last week's polling probably was cooked in spots. Your vote may have been stolen. If you have been voting long it is not unlikely that your vote has been stolen before this.

The National Municipal Review (NMR) reported four years ago an Honest Ballot Association (HBA) estimate that at least one million votes were stolen in the 1952 election.

HBA CHIEF investigator George Abrams then warned: "Election frauds are increasing. Nearly every area in the United States — big city, small town, cracker — barrel village — has some type of election fraud. It may be in a national election or one involving local school boards, judges or highways."

Samuel H. Still, an election investigator for Congress, said in a 1956 NMR report on election scandals that:

"APPROXIMATELY 50 public figures who occupy high state and municipal offices today would not have won them had the election been carried out according to law."

Abrams and HBA fingered the

1928 election of Franklin D. Roosevelt to be governor of New York, citing "the famous slow count." FDR beat Republican Albert Ottinger.

"DEMOCRATIC BOSS Ed Flynn's cronies," said Abrams, "sat quietly in the Bronx counting ballots at a snail's pace until 2 a.m., when the traditionally Republican upstate returns showed Ottinger's exact margin. 'When the boys knew how many votes were needed, they went to work. Republican ballots in the Bronx were thrown out under any pretext. Lead concealed under the finger nail and every other trick to invalidate Republican ballots were used. Mr. Roosevelt wrote up governor with a 26,000 vote-wide plurality. He had a whopping 95,000-vote margin in the Bronx.' The Bronx is one of the boroughs comprising New York City."

NMR RECALLED that in 1950 Harry F. Kelly was believed to have defeated Democrat G. Mennen "Soapy" Williams in Michigan for governor by 4,000 votes of about 1.8 million cast. A recount gave the election to Williams by a margin of 1,154 votes. "A comprehensive non-parti-

san study made four years later," said NMR, "by the University of Michigan's Samuel J. Eldersveld and Albert A. Applegate concluded:

"THE LAW'S requirements for ballot security were disregarded by election officials in precincts involving more than 123,000 votes. In one case, testimony of election officials indicated that boxes and ballots were violated after having been properly sealed on election night."

NMR cited a report by a U. S. Senate subcommittee on privileges and elections after the 1952 contest in which Democratic Sen. Dennis Chavez defeated Republican Patrick J. Hurley for the Senate in New Mexico. NMR quoted the report as follows: "At least 55,000 New Mexico citizens were deprived of their constitutional rights to a secret ballot... sworn evidence of fraudulently altered ballots was obtained in 33 precincts."

NMR added: "Paper ballots, still used in two-thirds of the United States, offer the greatest opportunity for fraud. They are easy to change, easy to fake, easy to stuff."

 A few notes on things
 Which people deplore

Apparently, I'm not alone in thinking that some people have loose driving habits.

THREE MESSAGES this week had to do with traffic gripes. Perhaps they figure that because I gripe so often about careless driving, they'll sympathize with them.

Anyway, Fitz, that's the only name by which I know him, wanted me to say something nasty about the guy who zooms up to within a foot or two of your car's rear bumper and sticks there.

WHEN YOU STEP it up, said Fitz, he does too. "It makes me nervous," he said. "Supposing I had to put on the brakes. The car's rear end would be mugged up."

Another man chimed in with: "That goes for the drivers on a four — lane road who pull alongside, about even, and stay there. You slow down to let them proceed, and they slow down, speed up and they do."

I think there is a law covering both practices.

THE THIRD was from a man who frequents Freeways. "There's a state law which provides that slow drivers must keep to the right. In fact, there are signs to that effect."

"But do they? Naw. The only slow — poke drivers in the right hand lane are to be found just before you reach your turn — off ramp."

"And you're afraid that if you do go by them you'll be in the wrong lane to make the turn."

THIS IS CAT WEEK International, sponsored by the American Feline Society, so it is timely to mention cats.

The Society is not too interested in cats that are gainfully employed catching mice in some home.

It's the strays that have no home that interest them.

THEIR SLOGAN is "22 years of selfless, unpaid, dedicated service to the cat."

As a life — long friend of the canine species, I don't know too much about cats, but it seems to me the strays are taking pretty good care of themselves and getting by.

For cats are smart.

DICK WEST:

A Better Salt Shaker

WASHINGTON (UP) — Few things in recorded history are more stirring than man's increasing quest for a better salt shaker.

In some ways, I think, it is ever more thrilling than the quest for a better mousetrap. Certainly it is more dramatic than the quest for a better pepper shaker.

THE STRUGGLE to make salt flow freely has challenged our Yankee ingenuity for more than a century, particularly on rainy days. It has been marked by triumphs and failures, heart-breaks and heartburn.

I learned all of this, and more, from Dr. Arthur G. Paterson, a local citizen who makes a hobby of collecting salt shakers. He is so wrapped up in his hobby he has written a book about it.

AS LITTLE AS we might think about it, and I personally think about it very little, Abraham Lincoln may never have seen a salt shaker. Dr. Paterson tells us that salt dispensers with perforated tops were practically unknown before 1865.

The trouble was that salt absorbed too much moisture for use in shakers. Lincoln probably had to make do with a salt dish, but I doubt that he worried much about it. He had a lot of other things on his mind.

IMPROVED METHODS of refining salt changed the method of dispensing it. The early dispensers were variously known as

sprinklers, dusters, boxes and dreges. The term "shaker" did not come into use until the 1890's. Some folks persisted for a while in calling a shaker a "cellar," but they were generally looked upon as being old stick-in-the-muds.

DESPIITE ADDITIVES, coatings and other improvements, salt still had a nasty habit of clinging to the shakers in damp weather. People had to unscrew the cap and sprinkle the stuff around with their fingers. By that time, the eggs were cold.

In the space of a decade or two, the U. S. Patent Office issued more than 1,000 patents to inventors who thought they had found a way to overcome this difficulty.

SOME OF THEM invented agitators, rotors or vibrators to make the shakers shake. Some put brushes in the bottle. Some used propellers.

The next step was to put something in the shakers that would absorb the moisture. The next step after that was to use valves, flanges and stoppers in an effort to keep the moisture out.

THEN THERE WAS a cycle of pin devices to keep the holes open. Then there was a cycle of scrapers and cutters, and after that a cycle of sifters, strainers and crushers.

It all ended, finally, when someone discovered a way to coat salt crystals to keep them from caking in the first place. Anyone for mousetraps?

TOO GENEROUS
 CHICAGO (UP) — City officials admitted with some embarrassment Friday that they were too generous in voting raises for the next municipal court bailiff and clerk.

Zenew picked it up, found a quarter inside a knotted handkerchief and a note reading: "The Navy pays its way."

Ray Milland, having washed up his TV series, will now direct Shadow of a Lady, a Hitchcock-type movie, in London. He's trying to typecast Arlene Dahl in the starring spot — a Swedish lady.

LUCILLE BALL seems happy out of Hollywood's TV rat race preparing Wildcat for its Broadway opening at the Alvin Theatre on Dec. 15. "New York has an electric excitement about it that makes you want to get up and do things," says she. "Even little Desi and Lucy feel it. In California, they were used to a big house and separate bedrooms. Here in New York they share a room, ride in the subway, ice skate in the park, and none of their classmates won a swimming pool. And you know something? They are happy and adjusted! I might add — so's their old lady!"

You've probably heard David Susskind tell how much he hates Westerns. Know why? It's not artistic, it's realistic: Because his own CBSeries, The Witness, is being clobbered in the rating race by the opposition show, a boss opera called The Outlaws. That's why I'll David has asked CBS to move The Witness to a later time slot on Thursday nights.

BING CROSBY wants his sons to return for another guest spot on his second special on Feb. 27. But agents for Dennis, Philip and Lindsay have set the price for the Crosby's way beyond the original, and now of Dad doesn't think he can afford them. I guess I should add that Bing and the Boys have the same agent, George Rosenberg.

Art Linkletter's special Kids Are Funny, will star Capitol Records' best — selling Little Angels. Their ages: five, six, seven and eight. The Angels are flying high these days. They'll also guest with Miss Shore, Jack

Benny, Groucho Marx and Danny Thomas.

MOST SAHL GOT his Next President album into the record shop stalls just in time for the Election. It's funny. In fact, it's as funny today as it looks like a few days ago so it looks like the sales will be limited.

Amusing P. S. to Danny Kaye's first special: Ed Sullivan has pleaded with Danny for the past 10 years to appear on his show. Danny kept refusing, not only Sullivan but others. Finally, when Danny made up his mind to make the plunge, his special pre-empted Sullivan's entire hour.

ANOTHER P. S., not so amusing: Tab Hunter's "not guilty" vindication in that dog — beating trial was fine for him but not so fine for his TV sponsors. His time — out from shooting his series to attend the trial cost the sponsors \$30,000. And his jury trial, probably the longest in the history of Glendale's municipal court, is estimated to have cost the taxpayers \$10,000.

The rating returns are in on the Bonanza episode Saturday, Oct. 22, and they show it to be the most popular segment to date. Stars Pernell Roberts, Lorne Green, Dan Blocker and Mike Landon are all happy about it. So's the network. So are the sponsors. And so's Bill Talman, disgraced D. A. of The Perry Mason Show — because Bill wrote it under the nom de plume of "R. Hamer Norris," even though the script had had two previous network refusals because of the "stigma" attached to Talman's name — EVEN THOUGH Bill had been acquitted of wrongdoing in Los Angeles Superior Court!

DEBBIE REYNOLDS re one of the characters she'll play on her next special: "It's a wonderful part. I play a girl my own age — whatever THAT is."

Clu Gulager re a REALLY absent-minded plumber: "He always forgets to forget something."

Michelle Montau re a new beau: "Concited? Could be. He offered me an engagement ring with 'To Whom It May Concern' engraved on the inside."

Potter-Baldwin Marriage Solemnized on Saturday

In a double ring ceremony in the Desert Chapel, Nancy Barbara Baldwin, eldest daughter of Dr. and Mrs. Charles Baldwin, became the bride of Richard Evans Potter. Rev. Jack Morgan conducted the candlelit ceremony.

The lovely bride wore a street-length gown of white net over lace, with bouffant skirt and long fitted sleeves. A crown of seed pearls caught up her shoulder length veil and she carried a nosegay of white orchids.

Susan Baldwin, who attended her sister, was gown in pink eyelet organza over pink taffeta. Other attendants, Mrs. Robert Wild and Bonnie Potter, sister of the bridegroom, wore pink taffeta and matching pedal caps. All three carried bouquets of pink and white

roses. Blending with the pink and white theme of the wedding, little flower girl, Debbie Lee Magadini, of Phoenix, cousin of the bride, wore perky pink organza.

Leland Potter of Duarte, was best man for his brother, and another brother Mark Potter of Redondo Beach, and Jack Dickenson of Rialto, served as ushers.

A reception at the Baldwin home on May Drive, followed the wedding. Following a wedding trip to Las Vegas, the young couple will be at home in Pomona, where the new Mrs. Potter will continue her high school education.

The son of Mr. and Mrs. Dwight Potter of Cherry Valley, the bridegroom is majoring in biological chemistry at California Polytechnic and working evenings as a chemical analyst at Conval.

Teen Jobs Loan Fund and Uniform Bank Are Projects of High School P-TA Year

A Student Loan Fund and a Gym Uniform Bank, were two projects under consideration by the High School P-TA, following their Back to School Night program, which had parents following their children's class routine. Parents and teachers gathered in the cafeteria, following last period classes, where refreshments were served. After extending a warm welcome to the large group who turned out for the Back to School Night program, P-TA president Mrs. Harpo Marx, introduced project chairman.

Mrs. Frank Hilton outlined plans for the Gym Uniform Bank. Parents are asked to send to school regulation gym clothes, which their sons or daughters have outgrown. Sewing classes will repair zippers, sew on buttons and condition the garments, so that they will be available for other students.

Mrs. Hilton also proposed a bank for party dresses and white jackets.

Tom Kieley outlined the student loan fund plan, which was set up by Herb Samson, vice president of the Security First National Bank. This is to be administered in conjunction with the Teen Jobs program, under the direction of George Munington, Adult High School principal.

The success of these projects will be assured by the cooperation of residents and merchants of Palm Springs High School District, according to William Bruckner, chairman of the committee. Serving with him are Dan Angel, George Munington and Herb Samson.

Around Town..

with HILLY CRAWFORD

You say "sculpture" to me... and I think of "Winged Victory"... Rodin's "The Thinker"... or maybe just the "Venus de Milo"... It wasn't until Dorothy Burgess came to town and presented me with one of her delicately executed busts... that I considered sculpture as something to live with... an ornament in the home... Now... I've had lesson Number Three... as Glen Cargyle did what I thought was "a head"... but he calls it a "sculptured portrait" of me... It's fascinating... I go to Bill Anderson for a sitting and he takes about a dozen shots... just to be sure my eyes are open and my mouth isn't... and there's a beautiful color portrait...

I give Heiner Grimm a photograph... and he paints me a charming portrait on porcelain... John Morris worked from my column picture for the face in the "Hilly Crawford" painting... and O.E.L. Graves worked from some inner conception of my personality... to do a wonderful abstract painting that incorporates the Desert Sun and desert sand... and an angular me in costume that was the year every other party was a costume party)... but that isn't the way I was sculpted... not exactly...

First I dropped in to Village Studio one evening after work... and Bernice sat me on a stool... and I rotated... as she took pictures of me from every angle... I do not recommend this for anyone with more than a modicum of vanity... You are sure to find out that you look different than you thought... and that you should have taken time to have your hair done... There they are... a merry-go-round... heaven-help-me... do-I-really-look-like-that... collection of pictures that the sculptor had to have before he started a head shape in clay...

Things were quiet for a few days... except that Glen kept dropping into the office... and looking at me from different angles... as he purported to be talking with George Laine... The first time I saw the head... it was the one you may have seen in the paper... an unadorned skull... for sculpture starts with the bone structure... It was interesting... but I could scarcely wait to see some hair on it... No one looks too attractive bald... unless you insist on making

an exception of Yul Brynner... right... so it was something of a shock... to find it completely different the next time I saw it... which was when we had an afternoon of posing in J.W. Robinson's Gold Room (it was Robinson's that commissioned the head)... It fell over on its muddy face... and squashed the nose... Glen's skilled fingers soon straightened it out... and he worked away... smoothing the clay here and patting on extra lumps there... all afternoon... in front of a fascinated audience... who... like me... had never seen a sculptor at work before... Before the afternoon was over... there was hair...

Twice afterwards there were studio sessions... and in between the artist spent hours and hours of work... shaping and changing... and filling and scraping out cheek hollows... and by this time the hair looked so good... I decided I'd have to have Iliu Mae follow his pattern for my next hair-do...

The head is a queen size... a trifle under life size... and I have not seen it except in the slate-colored clay which is imported from Italy... Since then it has been cast... mounted on its pedestal... and is ready for its unveiling (that was a misnomer before)... which will take place tomorrow at the Tennis Club... J.W. Robinson's and Cargyle have sent out invitations for the affair... and I'll let you know how my friends like this replica of me... I can't really tell... having seen myself only in mirrors...

AFTER SUNSET

El Mirador Signs Eddy Howard Band

By GEORGE LAINE

The first "name" band to play Palm Springs arrives here Dec. 7 when Eddy Howard opens things up in grand fashion for the formal opening of the El Mirador Hotel.

Another startling innovation by the master of such things, Ray Ryan, the Howard band — 15 members strong — will give the landmark hotel an apparent edge in the forthcoming season.

HOWARD'S ARRIVAL is not on a weekend basis or a single-shot

AT CHI CHI

Marksmen Score Bullseye

The Marksmen, Clifford Guest, Floyd and Marianna, The Bill Alexander Orchestra. Opening night at the Chi Chi Starlite Room.

The action steps up a bit in the Chi Chi's Starlite Room with the introduction of the Marksmen, three musically talented young men who also branch into the humor department with great ease.

Although the act is properly defined as a lounge novelty by the abridged Las Vegas dictionary, that factor is an advantage, not a deterrent.

BE THAT AS IT MAY, the Marksmen do not figure to put anyone to sleep. They are talented and they are also noisy and the Starlite Room is not recommended for dozers this week.

Special material, a notch above the specials usually done by instrumental — vocal trios, fills the act.

CLIFFORD GUEST, who is about as great a ventriloquist as exists today, went through most of same routine that marked his earlier appearance here.

The baby routine, the Cape Canaveral missile launch, the fox hunt (complete with "Hi-ho, Silver"), the Edison recording of "Two Little Girls in Blue" (which my mother used to sing), the water drinking segment during which he sings, simultaneously, "How Dry I Am" and the back in the suitcase bit are all welcome renewals for this viewer.

Finally, the dancing of Floyd and Marianna, which — I guess — is above the norm for night club acts. The portion that flipped me was their "Slaughter On 10th Avenue" excerpt, which was nicely executed.

—George Laine.

Dear Abby...

...by Abigail VanBuren

DEAR ABBY: Our pastor's wife died a few months ago and the whole town is running after him to help him replace her. He's in his early fifties and seems interested in a pretty little school teacher who is 33. She has never been married and would make him a good wife. The problem is she has an older sister who has never been married, either. She is 38 and gives piano lessons. The 33'er wants this pastor very much, but I think the pastor prefers the 33'er. I'm sure the 33'er would grab the pastor fast if her sister weren't in the running. The town is divided. Who should get him? Some say the 33'er, as it may be

her last chance. We'd like your opinion.

FRIENDS OF BOTH

DEAR FRIENDS: The town should stay out of it. The pastor should court whom he wishes. And the sisters should wait to see which (if either) he selects.

DEAR ABBY: I went steady with Russell for three months. He's a wonderful guy but he was tagged for speeding twice and was cited for three other traffic violations in the past six weeks. He had his license taken away from him but he drives anyway. My Dad found out about it and made me break up with him. I don't think this was fair. Wouldn't it be punishment enough to forbid me to ride with him? I am 16 and Russ is 17.

DEAR GIRL: I agree with your dad. How "wonderful" could a guy be who continually breaks the law, has his license revoked but drives anyway? He's bad news. Stay away from him.

DEAR ABBY: I am a size 12. My sister should be a size 12, too, but she is a size 14. She is always

"going on a diet tomorrow." Last January she admired a dress of mine, so I gave it to her hoping it would be an incentive to stick to her diet. She seemed delighted with the idea, accepted the dress and promised she'd stick to her diet this time.

Well, she's had the dress for nine months, and instead of losing weight, she's gained. The dress has been hanging in her closet and I would like to wear it this winter. How can I get it back without hurting her feelings?

SIZE 12

DEAR SIZE 12: Ask her if she would mind letting you wear the dress until she is able to wear it.

CONFIDENTIAL TO "MARRIED TO A MAMMA'S BOY:" Don't send him back to his Mamma to "grow up" — he will only grow AWAY from you. Raise him with the children.

For a personal reply, write to ABBY Box 3363, Beverly Hills, Calif., and include a self-addressed, stamped envelope. Abby answers ALL mail.

EDDY HOWARD, center, leader of first big name band to land a Palm Springs booking, is welcomed to the El Mirador Hotel by Ryan, left, and Lloyd Sando, new general manager of the fashionable desert hostelry. Howard, rated America's No. 1 singing bandleader, brings his 15-piece orchestra to the hotel's newly named "Silver Palm Room" on Dec. 7. It's the same night that a gala party will formally open El Mirador for the winter season. An all-time recording great, Howard has 11 gold records to his name. (Gayle Studio Photo)

EARLY RETURN FROM extended vacation in the Orient for Dr. and Mrs. Alan Howard provided new Howard Manor co-owner Joseph Miller with a surprise this week. Coachella Edges Indians 26-19 in Grid Thriller

THERE WAS ONLY ONE QUARTER when this scene was reversed, the second, when the Coachella High School Arabs made a total of 26 points to carry them into the final game next Friday as possible. DVL champions. Palm Springs scored a total of 19 points, and in the entire second half didn't permit the Arabs beyond their 47 yard line. In the first picture fullback Ike Gauff carries the ball down the sideline for a good gain but was stopped by end Jim Davanaugh (82) of the Arabs. In the second photo, left half James Rougley (16) did a good blocking job, but Arab tackle Kieth Hinkle grabbed Gauff by one foot to down him. In the last picture, Gauff trips and falls over the goal line for Palm Springs' only point after touchdowns. (Desert Sun Photos)

Cannon to Launch Play in 10th Women's Invitational

80 Foursomes Play Tomorrow At Thunderbird

At the first boom of a cannon at 8 a.m. tomorrow, 40 foursomes will go to their designated tees at Thunderbird Country Club and at the second boom, 15 minutes later, will start play in the morning segment of the Mixed Scotch Foursome as part of the Tenth Annual Women's Golf Invitational at the club.

Forty more foursomes will be alerted to go to their tees by another boom at the cannon at noon and will start play at a second blast at 12:15 p.m.

THE DOUBLE CANNON event is the first on the four-day program of the invitational.

The idea, a unique one to accommodate a longer list of entries, is drawing much attention to the tournament.

Men and women members of Thunderbird and their guests make up the 80 foursomes engaging in the play.

IT WILL BE FOLLOWED Monday through Wednesday by medal play in the invitational proper, a 36-hole event.

The entry list totals 264 women in 66 foursomes, a club member and three guests in each.

Handsome prizes have been posted in all events and will be awarded the winners at a dinner at Thunderbird Wednesday evening.

AMONG LOW handicappers from Southern California and including many winners of tournaments this year are:

Ruth McCullah, 1; Alleen Weissmuller, 2; Jan Tarbel, 3; Betty Loveys, 4; Mrs. Jack Demare, 5; Mrs. George Freuling, 6; Mrs. Fred Apostol, 7; Nell Staats, 8; Mary Coughran, 9.

A full-up program of entertainment has been planned for the guests.

CHUCK STEARNS, above, world's water skiing National in Minneapolis this year, holds more champion, will present a skiing exhibition at national and international titles than any other North Shore Beach Yacht Club on Salton Sea skier in the world. Sunday at 11 a.m. Stearns, winner of the U.S.

Arabs Slip by Indians 26-19 In Big Game

The undefeated, once tied Coachella Valley Arabs overpowered the Palm Springs Indians last night 26-19, killing any Indian chance to win the Desert Valley League Championship.

All the Arabs scoring was done in the second quarter, and the rest of the game was dominated by Palm Springs. The second half saw the Arabs held so strongly that they failed to even penetrate beyond the Palm Springs 47 yard line.

IN THE FIRST quarter, Palm Springs was only once threatened with a Coachella touchdown, but managed to hold, and the Arabs were making it known to the Indians they couldn't run over them either.

DESERT VALLEY LEAGUE

Team	W	L	T	Pts	PA
Coachella	4	0	0	100	125
Banning	3	0	1	87	116
Palm Springs	2	2	0	50	81
Yuccaipa	1	2	1	37	78
Indio	0	3	1	12	19
Twentynine Palms	0	3	1	15	53

FRIDAY'S RESULTS:
Coachella 26, Palm Springs 19.
Yuccaipa 26, Twentynine Palms 12.

THURSDAY'S RESULTS:
Banning 25, Indio 12.

Then in the second quarter the Arabs fell upon the Indians like an avalanche, when halfback Charles Richardson carried the ball 79 yards in six plays to make the first Arab score.

ON THE KICKOFF to Palm Springs, end Jeff Rollins grabbed the ball and carried it 92 yards to the Indian goal. Richardson again scored for the Arabs from the 35-yard line, followed by halfback Terry Singleton, who went over from the two-yard line. End Mike Custer kicked the only extra point.

And that was all that Coachella was able to do, but it was enough.

IN THE SECOND half, the Indians came out of the locker room with a drive that hasn't been seen since the beginning of the football season. The Indians made their first down of the game by running the ball 51 yards to the Arab 11-yard line. Fullback Ike Gauff spun and twisted over the goal for the TD, but the extra point failed.

In the fourth quarter, tackle Harry Karutich recovered a Coachella fumble, but could not move the ball from the 44 yard line. On the fourth down, Coach Dick Bunting sent Bill Bradley into the game with orders not to kick. "Fake a kick, and carry the ball around your left side," said Bunting.

THE PLAY was executed perfectly and Palm Springs made a first down to set up another TD which was on a short pass from Bill Bradley to Gus Walton for the final score. Ike Gauff ran the PAT.

Statistics show how closely matched the two teams were last night. Palm Springs attempted 20 passes, completed 5; Coachella attempted four, completed 2; the Arabs fumbled 4 times, lost the ball 3 times, and Palm Springs fumbled 3 times, lost the ball twice. The Indians racked up 20 yards in penalties, and Coachella totaled 35 yards.

Perfect Record In Sight

Only one game stands between coach Cal Farley's Palm Springs Indian Junior Varsity and a perfect season plus the Desert Valley League Jayvee championship — that with Twentynine Palms at Twentynine Palms next Thursday.

The worst the Papoose can get is a tie for the league lead should Twentynine Palms upset them. Indio High's Rajah JVs with a win over Banning last Thursday are 3-1 in the DVL standings against Palm Springs' 4-0. They meet Yuccaipa Thursday and should win easily.

The other four clubs are out of the running for the title.

Ray Roberts got back into action Thursday and scored two touchdowns to increase his lead in the Jayvee scoring derby with 17 TDs or 102 points in six games, an average of 17 points per game. Jayvee scoring to date:

Fernandez Rated 8-5 Over Moyer In Bout Tonight

NEW YORK (UP) — Slugger Florentino Fernandez of Cuba and slick Phil Moyer of Portland, Ore., meet tonight in a nationally televised "double switch" fight at Madison Square Garden.

Their 10-round marks the switches of welterweight contender Fernandez to the middleweight class and of middleweight Moyer to the welterweight division.

Fernandez is favored at 8-5 because of his punch. He scored 21 knockouts while winning 27 of his 29 bouts. Because of his impressive record he is ranked sixth among welter (147-pound) contenders by the NBA and eighth by the Ring Magazine.

HOWEVER, 24-year-old Florentino says he has grown into a middleweight and no longer can pare down close to the 147-pound limit. Accordingly, from now on Fernandez will campaign for the 160-pound title.

Bald Eagle Romps to International Victory

LAUREL, Md. (UP) — The surprise maneuver of sending America's Bald Eagle out to lead all the way in the \$100,000 Washington, D. C., International was credited today with making the horse the only two-time winner of the global classic.

Once again the race was marred with several incidents but none of them involved Bald Eagle who romped home two lengths ahead of Harmonizing, America's other entry in the mile and one-half turf event, which attracted 11 horses from six nations.

A FRENCH HORSE wheeled at the start and threw his rider; the Russian jockey on Zabeg who finished third, tried to make a foul claim but could not make himself understood, and the Irish rider charged that his mount had been cut off by the Russian.

But for the greater part the ninth edition of the International was a one-horse show all the way. Jockey Manny Yeaze, in sharp contrast to the way he usually rides Bald Eagle, sent the Cain Hoy Stable runner to the front at the start.

BALD EAGLE OPENED up a big lead on the others before the jockeys knew what happened. At one point he was 10 lengths in front and running easily and although the field closed in on Bald Eagle in the stretch, they were too worn out chasing him to seriously challenge.

CHRISTIAN SCIENTISTS TO EYE 'MORTALS' AND 'IMMORTALS'

True status and security will be dealt with in the Lesson - Sermon on "Mortals and Immortals" at all Christian Science services on Sunday.

The Golden Text is from II Corinthians (5:17): "If any man be in Christ, he is a new creature: old things are passed away; behold, all things are become new."

The theme of the sermon is amplified in these words of the Psalmist, "The steps of a good man are ordered by the Lord: and he delighteth in his way." The righteous shall inherit the land and dwell therein for ever.

The law of his God is in his heart; none of his steps shall slide. Mark the perfect man, and behold the upright: for the end of that man is peace" (37:23, 28, 31, 37).

In the Christian Science textbook, "Science and Health with Key to the Scriptures" Mary Baker Eddy declares, "The offspring of God start not from matter or ephemeral dust. They are in and of Spirit, divine Mind, and so forever continue" (p. 257).

Tortoise Tim's TIMES

Tortoise Tim Offers Contest On Thanksgiving

Now that we've put the goblins and ghosts back to rest for another year, the calendar tells us that another special holiday will soon be here. T. T. thinks it's time that we had a contest — and a Thanksgiving contest at that. This contest will be open to all boys and girls and teen-agers from 5 to 15 years.

There'll be 3 winners and runners-up. One will be given for grades Kindergarten through 2nd, one for grades 3 through 5, and one for grade 6 through 15 years. The prizes? At the moment T. T. is trying to decide . . .

Oh! What kind of a contest is this? A creative story contest. How long do these stories have to be? . . . no more than 125 words. What'll you write about? Any phase of Thanksgiving in 1621 or 1960. Of course, your own work.

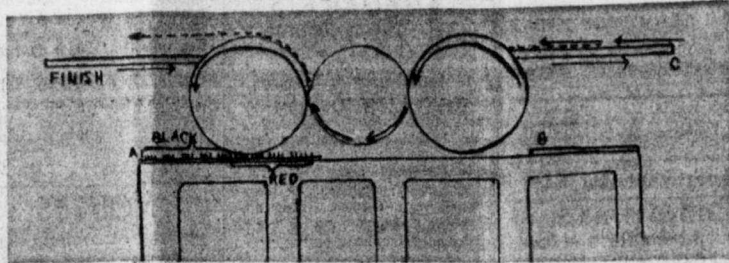

Each entry will be judged on neatness, originality, ingenuity, spontaneity, and quality of thought. When does this contest begin? Now! Wow! Just a minute — It ends Nov. 17, 1960.

MY NAME IS VICKI Lee Ringseth. I am nine years old. I attend the Community Church. Our Sunday School class went on an award picnic at Tamarisk Park, for having good attendance for the month of October. We had a good time at the picnic. For food we ate hot dogs, lima beans, punch and cupcakes. Everything was delicious! Our Sunday School teachers are Mrs. MacPherson, Mrs. Morrison, Mrs. Green, Mrs. Campbell, Mr. Normandin, Mr. Lux, and Mrs. Keck, our Sunday School superintendent.
